**Subject:** RE: 4 Brothers Dairy NPDES Application

Troy (cc'ing Susan Poulson and Jamey Stoddard),

You're correct, given the current appeal of the ID CAFO permit, this application should have been submitted to EPA. The permit has instructions on how this, as well as the NMP, should have been sent to the NPDES Permits Section in our Seattle office.

**Importance:** High

Nick and Brian,  
We received this CAFO NOI from 4 Bros Dairy in September and realize it may not have also been sent to EPA. Since EPA still has authority for the CAFO GP, we believe this should have been sent to EPA and that EPA is still the permitting authority until the challenge to the CAFO GP is resolved. Please let me know if this is correct, or if you would like to discuss the process. Thanks,  
-Troy

Troy,

Looks like this actually should be sent to your bureau.

Thanks,

Mr. Waters

I sent the following yesterday but your server rejected it as too large. I'm resending as links

Attached is the CAFO NPDES filing for 4 Bros. Dairy, Inc.. I couldn't tell from your web site who this should be sent to so I'm sending this to you to forward to the appropriate individual. This filing is part of a consent order with EPA for 4 Bros. Dairy, Inc.

Attached are the signed form 2B along with the NMP attachment and the topographic map attachment.

Sincerely

[NMP Four Brothers 050119 isda.pdf](#)
